I know your innocent
I know you're everything
I could only hope to be...

I know the real you
I know you're just a fake
But why do I still wait?

Just bury your lies and tell me it's all right
I'm all right now... I'm finally breathing
And soon to be feeling alive

I see beyond your eyes
And into your poisoned mind
Where all our troubles lie
Haven't you had enough?
Cause I'm dying now
But maybe there's still hope... if you could

Bury your lies and tell me it's all right
I'm all right now... I'm finally breathing
And soon to be feeling alive
So bury your lies and tell me it's all right
I'm all right now... I'm finally breathing
And soon to be feeling so alive

And now I'm alive
So let it go

I know your innocent
I know you're everything
I could only hope to be...
I know the real you
This is the real you
So here's the real you
So don't fake your innocence

Bury your lies and tell me it's all right
I'm all right now... I'm finally breathing
And soon to be feeling alive
So bury your lies and tell me it's all right
I'm all right now... I'm finally breathing

And soon to be feeling so alive
Iâ€™m finally breathing and soon to be feeling so alive

And now Iâ€™m alive
