Like I'm Alive
Natalie Watts

Every day is the same
I'm alive but I'm not living
There's no one I can blame
I'm either sinking or I'm swimming

There's more to life than just ordinary, there's got to
more

Chorus: It's not enough just to go through the motions
sleepwalking through life
it's not enough just to get by
I wanna live, I wanna live like I'm alive.

Funny how life can seem
like a scene from some bad movie
so painfully boring
all the drama with no happy ending

There's more to life than just ordinary
there's got to be more

It's not enough just to go through the motions
sleepwalking through life
it's not enough just to get by
I wanna live, I wanna live like I'm alive.

Not run and hide to a cage of insecurity
I lock the world outside, the only one I hurt is me.
Yeah

It's not enough
Chorus
