"My Spirit Flies"

I hear the wind
It's calling in the sun
It caught my eye
As the morning dew is leaving
I can feel my spirit fly.
My spirit flies.
Chorus:
I feel the rise of a heart that can't be tamed
My spirit flies and the dark clouds melt away
There's no tears to cry
Yeah, nothing else feels this way
I don't question why when my spirit flies
Whoa Whoa Whoa Whoa
There is a place worth finding
No need to wait.
Yeah now's the time
There is no fear of falling
Now I feel my spirit fly
My spirit fly
Chorus
And I'm finally soaring where I'm meant to be.
Oh, balance and open It's all around me
It's all, all around me
It's all, all around me
Chorus
Whoa Whoa Whoa Whoa
