Chorus:

Na na na na€!..

Rap:1

You can be what you wanna, let em say what they
wanna

You live by ethics, they live by marijuana

Youâ€™re heartâ€™s your best friend and noneâ€™s
gonna change

They bring in attitudes but thatâ€™s just cuz they hate
us.

Living dreams is what puts together, the pieces of life
that are lyrically sublimed€!

Aligned in a perfect sense; full of light, to shine thru
the endless voids of the night, common!

The columns of time, my calling awaits

Past the boarders of fantasy, reality portrays,

My vision; as seen thru the eyes of Solomon, as the
wings of Michael come and take me home

Chorus 2:

na na na na€!

Rap 2:

it takes one not two, not three but you

make a world see the light with no confusion but truth

Lil man pick your gun, lil gurl spice it up and in tha end

we all together gonna style it

We are shaping a nation for all generations

The young, the old, the torn shalt stand up strong

And in the end when my day song my song goes thru

Iâ€™ll be singing na na na na

Chorus 3:

Nanana€!.

Rap 3:

Lil man pick your gun again time for us to rise again

In the eyes of an eagle our vision is to rise again

I pray in tha name of tha Father, with open wings

weâ€™ll all fly higher

My mind is set, My destinyâ€™s a reality, who dares

defy my belief?
What I know what I believe what I conceive
This is the day truth has set me free
Now I see a vision thru the eyes of thousand beings
Looking past time to see what tomorrow brings
