We just stop believin'
We hadn't got the time
It was all too heavy
Started too much fights

Take a barseat by the person
Judged him with a smile
Passed him the open bottle,
and we shared another wine

Howlin' at the moonlight
Squintin' at the sun
Firewater to the belly
Look what we've become

Shadow's gettin' weaker
It's fading by day
My liver's up and left me
The devil thinks I'm great

Take a barseat by the person
Judged him with a smile
Passed him the open bottle,
and we shared another wine

Howlin' at the moonlight
Squintin' at the sun
Firewater to the belly
Look what we've become

Take a barseat by the person
Judged him with a smile
Passed him the open bottle,
and we shared another wine

Leaning on a tombstone
Scratching in the dirt
Hatching plans together
My fingers have been burnt

Take a barseat by the person

Judged him with a smile
Passed him the open bottle,
and we shared another wine

Howlin' at the moonlight
Squintin' at the sun
Firewater to the belly
Look what we've become
