I will go with you or I will go without
I'm thinking about you I'm thinking all the time
Just pop my colors just pop my color for life.
I'm dreaming about you, I'm dreaming of the time
I need to go with you or I will go without
Just pop my colors just pop my color for life.

Chorus:

I'm dreaming of peace for all *do* we need a miracle
Together today we're runnin *away*, just sing it now.
Sing it for the world to know that we need a miracle
Together today we're runnin *away* to sing it now.

Yeah yeah

Chorus:

I'm dreaming of peace for all *do* we need a miracle
Together today we're runnin *away*, just sing it now.
Sing it for the world to know that we need a miracle
Together today we're runnin *away* to sing it now.

[Chorus:]

Yeah yeah yeah
