I dream and night
You're here to hold me tight
I float away
And think of yesterday

When you held me close
Never let me go
I've caught to you tonight

When you long for me
Such you've never met
I dream just one more time

And I dream and night
Without you by my side
When I dream I try
To keep you on my mind

'Cause no matter where you go
I'd always love you so
And I dream, I dream

I dream and night
You're here to hold me tight
I float away
And think of yesterday

When you held me close
Never let me go
I've caught to you tonight

When you long for me
Such you've never met
I dream just one more time

And I dream and night
Without you by my side
When I dream I try
To keep you on my mind

'Cause no matter where you go
I'd always love you so

And I dream, I dream
