These lyin' niggas ain't waitin' for the Fashion Show
(These liars, these liars, these liars, these liars..)
Ain't a lot of niggas that waited for the Fashion Show
(These liars, these liars, these liars, these liars..)

These lyin' niggas ain't waitin' for the Fashion Show
(These liars, these liars, these liars, these liars..)
Ain't a lot of niggas that waited for the Fashion Show
(These liars, these liars, these liars, these liars..)

Nothing, shit come down
Sometimes I like a fix, sometimes I like a drink
I show up to the fashion house
Fashionably ladies shake their hands with the greats
The Malibu, said I want it today
I like your H and a vampire cape
Longly waitin', you are comin' in late
Word to my date, Karen don't forget the safe
Follow me to the front way
Take a right at the corner
This is when you decide
You gotta give yourself or you'll be a gonner

These lyin' niggas ain't waitin' for the Fashion Show
(These liars, these liars, these liars, these liars..)
These lyin' niggas ain't waitin' for the Fashion Show
(These liars, these liars, these liars, these liars..)

These lyin' niggas ain't waitin' for the Fashion Show
(These liars, these liars, these liars, these liars..)
These lyin' niggas ain't waitin' for the Fashion Show
(These liars, these liars, these liars, these liars..)

Money
I'm comin', I'm comin', I'm comin' out
Out

Money
I'm comin', I'm comin' out
Out

Play on the bridge, it's fallin' down
Getting cars, livin' life on trial
But the smile, but the smile never never frown
Niggas lesson for their life to style
I live it, always really dig it, I did it
Niggas know it
More light in my background, I'mma blow it
And right now, my background lookin' bright now
And my view always close to city pal
And my view always close to city pal

These lyin' niggas ain't waitin' for the Fashion Show
(These liars, these liars, these liars, these liars..)
These lyin' niggas ain't waitin' for the Fashion Show
(These liars, these liars, these liars, these liars..)

These lyin' niggas ain't waitin' for the Fashion Show
(These liars, these liars, these liars, these liars..)
These lyin' niggas ain't waitin' for the Fashion Show
(These liars, these liars, these liars, these liars..)
