Winter burns
Summer freeze
Water dry
Empty oceans

What I seek
Is what you hide
So tell me now
Is it worth the try

Ahh...

Oh I, oh I
I wan'a know
I loong for-it but why

Oh I, oh I
I couldn't know
I always knew why

Oh I, oh I
I wan'a know
I loong for-it but why

Oh I, oh I
I couldn't know
I always knew why

I stand on toes
To see the fame
Like strapped in chains
They all do fade away

They all stare at me now

Oh I, oh I
I wan'a know
I loong for-it but why

Oh I, oh I
I couldn't know
I always knew why

Oh I, oh I
I wan'a know
I loong for-it but why

Oh I, oh I
I couldn't know
I always knew why

Ahh...

Oh I, oh I
I wan'a know
I loong for-it but why

Oh I, oh I
I couldn't know
I always knew why

Oh I, oh I
I wan'a know
I loong for-it but why

Oh I, oh I
I couldn't know
I always knew why
