(Intro)

Yo, I want to talk about tonight,
And ah, what's going to happen, you and me,
listen.

(Verse One)

I hear your body calling, "baby, rescue me".
Girl you a prisoner, and you need to be, set free.
Your body's speaking words that only my body can
hear.
I feel the time is right, cause we're alone up in here.
You staring at me as if you want me right now.
And girl I know exactly what you need, (I know what you
need).

So many nights I've dreamed of laying you down,
because your a special lady, and tonight I'm gonna be
making you my baby.

(Make you my baby)2x

Make you my baby

(Make you my baby)2x

Oh, make you my girlfriend

(Make you my baby)2x

Yeah, tonight

(Make you my baby)2x

Baby da dah, da dah

(Verse Two)

Baby, your voice is whispering, telling me to take
control.

Our hearts are beating fast, as we taking off our
clothes.

Girl I can feel the heat getting strong, I'm starting to
sweat.

Baby you and me, making history, sexually, (you
staring at me).

You staring at me as if you want me right now, (I know
you want me baby).

Girl I know exactly what you need, (oh, I know what you
need).

So many nights I've dreamed of laying you down, (lay
you down) because your a special lady, (oh) and
tonight I'm gonna be making you my baby.

(Make you my baby)2x

Oooh, gonna make you my baby

(Make you my baby)2x
Gonna make you my girlfriend, all mine
(Make you my baby)2x
Gonna make you my baby
(Make you my baby)2x
Tonight, listen baby.
Bridge: (you will be)
After tonight you'll be, baby a part of me.
We'll make history, baby sexually.
Girl this chemistry, will last all eternity, because your a
special lady, and tonight I'm gonna be making you my
baby.
Make you my baby (Till Fade)
