If you don't believe in me
I don't blame you
But I must warn you
I'm like a bull once you get me
Going I'm hard to tame dude
And I don't want to hear about what you used to do

Put it on the table
I'm ready willing and able (and able)

I told you when the floor drops
I'm on my way to the next stop
to the next stop (as the floor drops down)
My faith has me on the rise to the top

It's been a foot race from start to finish
If you want it you better get it
Ain't nobody trying to give it
And I don't want to hear about what you used to do

Put it on the table
I'm ready willing and able (and able)

I told you when the floor drops
I'm on my way to the next stop
to the next stop (as the floor drops down)
My faith has me on the rise to the top

I told you when the floor drops
I'm on my way to the next stop (we'll never stop)
My faith has me on the rise to the top
To the top

I told you when the floor drops
I'm on my way to the next stop
to the next stop (as the floor drops down)
My faith has me on the rise to the top

I told you when the floor drops
I'm on my way to the next stop
to the next stop (as the floor drops down)
My faith has me on the rise to the top
