Some people talk to angels  
Some people talk to themselves  
Well I don't know who you're talking to  
But everything you say makes me want you

You are a novel in a sea of magazines  
You make me nervous, you make my heart beat  
You are red in a sea of black and white  
You are a fire, you are dynamite

Some people try to change the world  
And some people just stay alive  
Well I don't know what you're living for  
But everything you do makes me want more

You are a novel in a sea of magazines  
You make me nervous, you make my heart beat  
You are red in a sea of black and white  
You are a fire, you are dynamite

You are a novel in a sea of magazines  
You make me nervous, you make my heart beat  
You are red in a sea of black and white  
You are a fire, you are dynamite  
You are a fire, you are dynamite  
You are a fire, you are dynamite
