I donâ€™t watch a lot of TV
But I think I know whatâ€™s good
Whatâ€™s good is what weâ€™ve got
Whatâ€™s bad is that weâ€™ve not
Tried to show each other proof

But I think that I could hold you
Maybe then youâ€™d sing along
We could walk down to the beach
Get swept up by the sea
And never tell them that weâ€™ve gone

I will search for you in the shadows
I will search for you in the light
I will search for you in the morning
I will search for you in the night

Donâ€™t have to sit in stony silence
While the rest of the world fights
We could gather up our fears
Take them to the pier
And throw them out like rice

We could stand up on the rooftop
Shout at the top of our lungs
Starting with today
We wonâ€™t be afraid
Of growing old and dying young

I will search for you in the shadows
I will search for you in the light
I will search for you in the morning
I will search for you in the night

(Break)

I will search for you in the shadows
I will search for you in the light
I will search for you in the morning
I will search for you in the night
Woah woah woah woah

Woah woah woah woah
Woah woah woah woah
Woah woah woah woah
