"3/9"

The thread of inner rhythm is self-directing
I think we're standing too close now
The thought has overtaken, I'm seeking balance
For there's a reason to start now

Three stays in her eye
Nine rests by my side...on my side

Increasing oh so quickly, she is sinking into my chest
Forcing the air out, sending me into a calm distress
But as she's breathing we are breathing and our pulses
connect
We breathe in silence, in the lightness of a new
consciousness

Three stays in her eye
Nine rests by my side
And a three stays in her eye
While a nine rests by my side...on my side

The thread of inner rhythm is self-directing
I think we're standing too close now
The thread of inner rhythm is self-directing
I think we're standing too close

Here...I don't want to go
