Visit "[Bedtime Story](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Please don't wake me up from this dream  
I just wish this could be real  
Oh god i love this place where i can  
Build my life all over again  
Silent whispers in my ear  
I cannot tell if i'm losing my mind again  
I can't go back i'm afraid to face myself  
This darkness won't let me rest

Hand to hand with my demon  
It won't let go  
It's eating me from inside  
These days full of pain  
Make it stronner  
I'm losing the fight being dead or alive

So dramatic  
My hands are shaking  
The death is chasing me  
My breath is quickening  
No! No one can help  
The flames are burning me  
They took my soul down below

Someone please help me!  
Someone give me back my dreams  
Someone please help me!  
Give me back my reality

I have something to confess  
A secret i kept inside  
It's my way out  
From this life

It's the night of horror  
The beast is reaching for me  
I'm so afraid to open my eyes  
They are waiting for me

To join them for eternity  
I see the smile from the devil himself  
I feel trapped

The door is closed for me  
Endless pain will never stop

Someone please help me!  
Someone give me back my dreams  
Someone please help me!  
Give me back my reality

I have something to confess  
A secret i kept inside  
It's my way out  
From this life
