I've been trying to find myself
Since the day you left
I Can't hold these feelings
I need to get this off my chest
Why should i keep this inside?
Cause only thing i know
Is that with you by my side
I have something to live and die for

Break the silence
Am i shouting into deaf ears?
Can you hear me?
Can you hear me now?
I've been trying to find myself
Since the day you left
I Can't hold these feelings
I need to get this off my chest

Where did i go wrong?
Will i make it out alive
Where did we go wrong?
I can't do this on my own

Still i'm waiting for you to come back
Still i'm waiting for the life we never had
Don't say it's over
Don't say it's over

Wait! We are not too late
We still got time for this
Don't give up on me just not yet
Wait! We are not too late
I can't believe i walked away
It was such an easy mistake to make

Why do we always kill
Every beautiful thing around us
Why can't we stay still
And be who we really are

Why should i keep this inside?
Cause only thing i know

Is that with you by my side
I have something to live and die for
I know you feel the same way
So why don't we quit this game
Let me take you away (Let me take you away)

Wait! We are not too late
We still got time for this
Don't give up on me just not yet
Wait! We are not too late
I can't believe i walked away
It was such an easy mistake to make

Don't say it's over
Don't let go
Don't say it's over now
