When you're 14  
You're all confused  
And your mind has no idea what to do  
Falling off the edge of sanity  
Don't know how or why you have to breathe

But then you stop  
And feel the wind  
And watch the stars as they are burning  
The sky just keeps on turning  
And I don't know what to say to you  
You're falling off  
Falling off the roof

And if I could then I would try to save you  
But all I can tell you is the truth

Repressing the memories that I just seem to hate...

(Take a stand  
Lonely star, just grab my hand)
