And sit still  
While still you sit  
Your time elapsed  
You've run out of time  
You thought you had it all  
But look now  
I never wanted to speak  
But I will say you're killing me

Deeply  
In and out  
You'll find yourself inhaling  
One by one  
you sum it up  
You're taking too many steps towards me  
But as of now I don't believe anything...

I, I'll just wait away  
With my last arrest my time progressed is fading  
I don't want anything  
I just want the life you stole from me

American man  
Are you satisfied?  
I'm crashing down  
I'm fading out  
Don't save me  
Who's fault now?  
Is it yours or mine?  
Oohhh

And now you are living through the life you stole  
Hating yourself  
You can't process these type of things  
But I know  
I'm not the one you need to hold

I, I'll just wait away  
With my last arrest my time progressed is fading  
I don't want anything  
I just want the life you stole from me

American man  
Are you satisfied?  
I'm crashing down  
I'm fading out  
Don't save me  
Who's fault now?  
Is it yours or mine?  
Oohhh

Where time left us  
Hiding the truth  
Where time left us...

I don't see how we put up with this  
Time is slipping  
Put out my hands

American man  
Are you satisfied?  
I'm crashing down  
I'm fading out  
Don't save me  
Who's fault now?  
Is it yours or mine?  
Oohhh

Where time left us  
Where time left us...
