"I Will Always Love You"

If I should stay
I would only be in your way
So I'll go but I know
I'll think of you each step of the way

And I will always love you
And I will always love you

Bittersweet memories
That's all I have, and all I'm taking with me
So goodbye, please don't you cry
'Cause we both know I'm not what you need

And I will always love you
I will always love you

I hope life treats you kind
And I hope you have all you've dreamed
I wish you and happiness
But above all, I wish you love

And I will always love you
And I will always love you
I will always love you
