Catch your neighbours are waking  
In the neither love them nights  
I guess you didn't have a clue

Now capture and taken  
The call without the fights  
Cos it call 911 too soon

I can't stop loving first degree  
I can denying: Must be me  
To tell the truth  
This crime felt good  
Im almost guilty, guilty, guilty, guilty

How can they judge somebodys heart  
Conviction victim behind bars  
I swear it's true  
there's only you  
I must be guilty, guilty, guilty, guilty, yeah

I was there at your backdoor  
Trying to get a view  
I just can't keep my eyes off you

I had to see avid more  
Well, that is nothing new  
And now I choice of what I do

I can't stop loving first degree  
I can denying: Must be me  
To tell the truth  
This crime felt good  
Im almost guilty, guilty, guilty, guilty

How can they judge somebodys heart  
Conviction victim behind bars  
I swear it's true  
there's only you  
I must be guilty, guilty, guilty, guilty, yeah

I can't stop loving first degree  
I can denying: Must be me

To tell the truth  
This crime felt good  
Im almost guilty, guilty, guilty, guilty

How can they judge somebodys heart  
I swear it's true  
there's only you  
I must be guilty, guilty, guilty, guilty

I can't stop loving first degree  
I must be guilty, guilty, guilty, guilty  
Yeah
