I am your Princess forever
I am your princess forever

1. Don't you ever feel like you're dreaming
Living in a fairy tale
Castles made of candy and icing
Wouldn't it be good to be there

BRIDGE: When I'm with you
like lovers do
I'll make your dreams come true

Chorus: I'm your Princess forever
lets get together
I'll be your baby tonight

I'm your Barbie and lover
like no other
I am your fairy around

I'm your princess romancing
Singing and dancing
Let me be your lover tonight
(I'll be your lover tonight)

I'm your Snow white dreaming
Happy ending
Stories are finally found

2. Don't you ever feel like you're finding
Cinderella shoes evrywhere
And when you try to find out
whose missing
You see I have always been there

Bridge

Chorus(repeat)
