Sometimes I wonder what life isâ€¦;

Yeah, I know the chips are down
But such is life
We only got one chance baby letâ€™s touch the dice

Whatâ€™s up tonight?

Yeah, I got a bad hand
The dealerâ€™s screwing me
You got the same story
Your on a losing streak
I need to get away
Yeah, I could use a week
Come on letâ€™s take a trip
Come make some moves with me
And we can run the table
Yeah, we can take some names
And we can shake the world
Baby letâ€™s change the game
Come on letâ€™s take a plane to Vegas and just make
it rain
Crash all a boardâ€™s
Letâ€™s ride this paper train
I know the chips are down
But such is life
We only got one chance baby letâ€™s touch the dice

Whatâ€™s up tonight?

Yeah, I heard you caught him cheatinâ€™
You caught him in the moment
She told him not to call
You just let the textâ€™s hold emâ€™
The relationship flopped
So he turned suicidal
Then he jumped in the river
It was nice to know emâ€™
You got your poker face
You never show emotion
You never let emâ€™ bluff
You donâ€™t take shit from no one

See youâ€™re my perfect partner
So yeah, letâ€™s get to rollinâ€™
We goinâ€™ all in
You can forget the foldinâ€™
I know the chips are down
But such is life
We only got one chance baby letâ€™s touch the dice

Whatâ€™s up tonight?

And then we hit the strip
We in the city lights
You lookinâ€™ fine as hell
Iâ€™m feelinâ€™ slick tonight
This is life
I heard you were a champagne poppinâ€™ game
stopper
We could pull a heist
Cause youâ€™re the baddest
Just work your magic
Letâ€™s leave that madness
And earn that cabbage
Never let this chance fly by
We can skip town
We could fly high
I know the chips are down
But we can fly high
But such is life
We only got one chance baby letâ€™s touch the dice
And we can fly high

Whatâ€™s up tonight

Sometimes I wonder whatâ€™.
I wonder what life isâ€™.
I wonder what a wonderful life isâ€™.
Yeah
I wonder what life isâ€™.
Sometimes I wonder whatâ€™.
