So wake me in the morning or I'll sleep all day  
And I need to feel the sunlight, on my face  
If I live this any longer, I'm gonna fade to gray  
It's time to say goodbye Elizabeth, it's time for me to  
change

And know my lonely, heart stop beating  
And know my lonely eyes don't deceive me  
And oh you can't know how I'm feeling  
Oh you can't know how I'm feeling

Someone show me another way to go  
Someone show me another way  
So hold on to something cause I'm spinning out of  
control  
And I don't wanna be alone

So wake me in the morning or I'll sleep all day  
And I need to feel something, no time to waste  
If I live this any longer, I'm gonna fade away  
It's time to say goodbye Elizabeth, it's time for me to  
change

And know my lonely, heart stop beating  
And know my lonely eyes don't deceive me  
And oh you can't know how I'm feeling  
Oh you can't know how I'm feeling

Someone show me another way to go  
Someone show me another way  
So hold on to something cause I'm spinning out of  
control  
And I don't wanna be alone

So call if you wanna go, don't make it easy  
Call if you wanna go, don't make it easy  
And know my lonely, heart stop beating  
And know my lonely eyes don't deceive me  
And oh you can't know how I'm feeling  
Oh you can't know how I'm feeling  
And know my lonely, heart stop beating  
And know my lonely eyes don't deceive me

And oh you can't know how I'm feeling  
Oh you can't know how I'm feeling
