We've only known each other since the moment we
met
But it seems like forever to me
I haven't figured out the perfect way to say it yet
But I suppose at times like these
A man should get down on his knees

How'd ya like to be in my wedding
How'd ya like to walk down the isle
You could be the center of attention
Everyone would look at you and smile
We could send our friends invitations
You could wear a long white dress
If you'd like to be in my wedding, darlin'
All ya have to do is say, "Yes"

Your folks could be seated in the very front row
And cry when we all turn to look at you
We could cut the cake
And we could strike a pose
Like the little bitty plastic bride and groom
And then begin our life-long honeymoon

How'd ya like to be in my wedding
How'd ya like to walk down the isle
You could be the center of attention
Everyone would look at you and smile
We could send our friends invitations
You could wear a long white dress
If you'd like to be in my wedding, darlin'
All ya have to do is say, "Yes"

Say, "Yes"
Say, "Yes"
(How'd ya like to be in my wedding)
Please say, "Yes"
(How'd ya like to be in my wedding)
Say, "Yes"
(How'd ya like to be in my wedding)
(How'd ya like to be in my wedding)
(How'd ya like to be in my wedding)
