And wherever I go I put on and bring it right back home  
Iâ€™ve been all over the world  
And all over the globe  
And wherever I go I put on and bring it right back home  
Iâ€™ve been all over the world  
And all over the globe  
And wherever I go I put on and bring it right back home

Look, back to the West side at the B  
With the niggas ice Â… shoveling a D  
Bitches my fuck if you flexinâ€™ in a V  
40 corners in your bus have her naked in the streets  
Look weâ€™re doping lizards role models  
Ainâ€™t nobody got no jobs but niggas pop the old  
bottles  
For sure, for sure, fuck hoes and get dough  
Thatâ€™s the model that we follow being some young  
niggas  
Get money, stay out the way, donâ€™t be no dumb nigga  
Rather be inside the cage than be a scum nigga  
So I still be tacking trips, I still be on the road  
I still be making flips  
Told my mamma just yesterday that Iâ€™m gonna get up  
off these streets  
Gonna find me a better way for me to go and getâ€™…  
Until the end Iâ€™m ot with the pros

And wherever I go I put on and bring it right back home  
Iâ€™ve been all over the world  
And all over the globe  
And wherever I go I put on and bring it right back home  
Iâ€™ve been all over the world  
And all over the globe  
And wherever I go I put on and bring it right back home

Right back to my grannyâ€™s street  
Call my nigga Ty, you know we got the grand sheet  
Last year we lost Chris, ever since I couldnâ€™t sleep  
Lilâ€™ Â… be praying for me, she know I be in the streets  
These bitches be testing me daily, the devil all on my  
shoulders

Niggas act like friends, but really they tryina merk you  
Watching these niggas closely, keeping them in my  
circle

40Â... on my hip I swear to God I escort you boy  
I ainÂ't being tough, IÂ'm being real cool  
Â'Cause my niggas act up, get the cut and the food  
My niggas are like trucks, they never had silver spoons  
And I be stacking up from winter until June  
So I can drop shitty summer time pop plenty  
Super, bad bitches you all stupid ass niggas need to go  
Â...get you some pros

And wherever I go I put on and bring it right back home  
IÂ've been all over the world  
And all over the globe  
And wherever I go I put on and bring it right back home  
IÂ've been all over the world  
And all over the globe  
And wherever I go I put on and bring it right back home
