What should I do
Where should I go
Should I give in
Or should I just let it go
Should I want her back
Even though she cheated
Is love strong enough
Or should I just let it go

All these damn days I
Been going through
The same thing
Oh yea it hurts
But its something called love
Now I'm sitting wondering
And thinking about the times we had
Like was it all just a lie
Like did she really love her man

What should I do
Where should I go
Should I give in
Or should I just let it go
Should I want her back
Even though she cheated
Is love strong enough
Or should I just let it go

There were so many good days
I aint gonna lie
But does those good days
Weight out the bad
Did we even try
Now I'm sitting wondering
And thinking about the times we had
Like was it all just a lie
Like did she really love her man

I was wrong for not trusting you (I was wrong baby)
I was wrong for accusing you (But you didn't have to
break my heart)
But you didn't have to go break my heart (Was he

better than me oh)
I was wrong for not trusting you (I was wrong
baby)(I'm sorry baby)
I was wrong for accusing you (I was wrong, I was
wrong)
But you didn't have to go break my heart (I was wrong, I
was wrong baby)
