Mama said on the day I was born  
There was a whole lotta shakin' goin' on  
There was a party next door the people callin' out for  
more  
And they played the boogie all night long  
I was raised on a beat that was oh so sweet  
Fed on the rhythm and blues  
When she sent me on my way I heard my mama say  
Son, don't forget your dancin' shoes  
Bop 'til you drop  
Shake it 'til you break it  
Move it 'til you lose it  
Dance, dance  
(repeat)  
When you're down at a party and the music's hot  
And you see somebody that you like a lot  
Don't fight the feelin' if the feelin's right  
Take a chance and dance 'cause tonight's the night  
We'll do it right  
Bop 'til you drop  
Shake it 'til you break it  
Move it 'til you lose it  
Dance dance  
(repeat)  
Bop, bop, bop  
Shake it, shake it, shake it  
Move it 'til you lose it  
Dance, dance, dance, dance  
Dance, dance, da-da-dance  
Back in 57 I was just a little boy  
And my sister Jenny Sue, she was the queen of the hop  
After school she'd be stackin' up her 45's  
Practising her shimmy shimmy koko bop  
She had to do it right 'cause come on Saturday night  
She was the hot girl on the floor  
Mama'd catch her in the kitchen but instead of doing  
dishes  
She'd be brushin' up her boogie on the 'frigerator door  
Bop 'til you drop  
Shake it 'til you break it  
Move it 'til you lose it  
Dance Dance

(repeat)  
Bop, bop, bop  
Shake it, shake it, shake it  
Move it 'til you lose it  
Dance, dance, come on and dance, dance  
Da-da-dance, come on and dance, dance  
Da-da-dance  
Ah when it's come-a come-a doo down down pretty  
baby  
And the music starts movin' and it's drivin' you crazy  
Don't get caught just-a hangin' around  
'Cause you gotta get up if you wanna get down  
Get up, get up, get down down down  
Come on and dance, dance  
Don't it make you wanna get up and dance  
Bop, bop, bop  
Shake it, shake it, shake it  
Move it 'til you lose it  
Dance, dance  
Bop 'til you drop  
Shake it 'til you break it  
Move it 'til you lose it  
Dance, dance  
Bop, bop, bop  
Come on, come on, come on  
Shake it, shake it, shake it  
Shake it, shake it, shake it  
Move it 'til you lose it  
Move it 'til you lose it  
Move it 'til you lose it  
Dance, dance, da-da-dance  
Come on and dance, dance, da-da-dance  
Come on and dance, dance, da-da-dance
