The girl can't help it
The girl can't help it

If she walks by the men all stand engrossed
(She can't help it, the girl can't help it)
If she winks an eye bread slices turn to toast
(She can't help it, the girl can't help it)
Yes, she's got a lot of what they call the most
(She can't help it, the girl can't help it)

The girl can't help it if she was born to please
(She can't help it, the girl can't help it)
(She can't help it, the girl can't help it)
And if she's got a figure made to squeeze
(She can't help it, the girl can't help it)
(She can't help it, the girl can't help it)
Oh, won't you kindly be aware the girl can't help it
(The girl can't help it)

She mesmerizes every mother's son
(She can't help it, the girl can't help it)
And if she smiles their steak becomes well done
(She can't help it, the girl can't help it)
She makes granpa feel like twenty one
(She can't help it, the girl can't help it)

Well, the girl can't help it if she was born to please
(She can't help it, the girl can't help it)
(She can't help it, the girl can't help it)
And if I go to her on bended knees
(She can't help it, the girl can't help it)
(She can't help it, the girl can't help it)

Oh, won't you kindly be aware
That I can't help it, I just can't help it
'Cause oh, I'm hopin' obviously
That someday the answer will be
The girl can't help it if she's in love with me
(She can't help it, the girl can't help it)
The girl can't help it
(She can't help it, the girl can't help it)

She can't help it, the girl can't help it
She can't help it, the girl can't help it
She can't help it, the girl can't help it
She can't help it, the girl can't help it

She can't help it, the girl can't help it

She walks by the men all stand in rows
(She can't help it, the girl can't help it)
If she winks an eye bread slices turn to toast
(She can't help it, the girl can't help it)
Yes, she's got a lot of what they call the most
(She can't help it, the girl can't help it)

Well, the girl can't help it if she was born to please
(She can't help it, the girl can't help it)
(She can't help it, the girl can't help it)
And if she's got a figure made to squeeze
(She can't help it, the girl can't help it)
(She can't help it, the girl can't help it)
'Cause oh, I'm hopin' obviously
That someday the answer will be
The girl can't help it if she's in love with me

She can't help it, the girl can't help it
The girl can't help it
She can't help it, the girl can't help it
The girl can't help it
She can't help it, the girl can't help it
The girl can't help it
She can't help it, the girl can't help it
