On the edge of town  
I will wait for you

Breaking up a lonely world  
I'll be satisfied  
Making up another world  
With you at my side

On the edge of town  
I will wait for you

Breaking up is what we do  
We're hurting too much  
Making up is what we do  
When we're needing to touch

I got ties, so do you  
But I can't help myself  
Whenever I see you

Running to me with your burning love  
Like a wildfire  
I'm caught in the flame of your burning love  
It grows higher and higher

Breaking up, you say goodbye  
And shakin' your heart  
Making up another lie  
Can't keep us apart

I got ties, so do you  
To somebody else  
I got ties, so do you  
But I can't help myself  
Whenever I see you

Ooh, how it burns me up  
To my very soul  
Ooh, I can't get enough  
When it's burning out of control
