(x2)

Baby, lets go....

leave it all behind cause we belong on the floor.

it's the weekend...

Everybody's cool now we can break down the door.

So Dj will you spin spin spin

Baby are you in in in

So lighten up the club club club

were going to burn it up up up

(x2)

Baby, lets go....

leave it all behind cause we belong on the floor.

it's the weekend...

Everybody's cool now we can break down the door.

i, i , i, i,

came here to party like i'm off my head.

so baby light the fuse but don't stand back.

i, i, i,

came here to party like i'm off my head.

so baby light the fuse but

( don't stand back (x8) )

(x2)

Baby, lets go....

leave it all behind cause we belong on the floor.

it's the weekend...

Everybody's cool now we can break down the door.
