I'm standing on the light side  
I don't know what is going on  
It's time to lose control  
The control I've always been looking for [x2]

I tried to stay strong, moving on  
Intend to live it up, shake it up

Just tried to end it all  
Forget it all  
So I finally  
Made up my mind

I can spread it and I will  
trying to foresee what you see  
Like an outbreak I'll transmit  
the night  
the night [x2]

I tried to stay strong, moving on  
Intend to live it up, shake it up

Just tried to end it all  
Forget it all  
So I finally

I can sense the evil that you have inside  
Standing on the edge of craziness tonight

I can sense the evil that you have inside  
So I finally  
Made up my mind

I can spread it and I will  
trying to foresee what you see  
Like an outbreak I'll transmit  
the night  
the night [x4]

Believe me, yeah, I will  
I'm gonna break you out
