I used to hide in darkness  
I used to live in pain  
I used to sleep with sadness  
And that's what I became

The wait is killing me (on repeat)

Sometimes it seems that i'm giving up

It feels like I am not the only one

I fed my fantasies with deception  
It's like a kinda cruel destination  
Cannot sleeping is turning an obsession  
That I can't assimilate with full perception

I fed my fantasies with deception  
I can't assimilate with full perception

Feel alive (on repeat)

The wait is killing me (on repeat)

It's been a long time (i'm about to lose control)  
Yeah (i'm about to lose control)  
I was expecting a life with you (i'm about to lose control)  
And that is what I get? (i'm about to lose control)  
Cowards

I can't take it I won't pass the night  
I won't keep up if I don't really feel alright  
I can't take it no more I'm going mad  
As long as you go away I'm gonna feel alive

I can't take it I won't pass the night  
I won't keep up if I don't really feel alright  
I can't take it no more I'm going mad  
As long as you go away I'm gonna feel alive

Cowards

I used to sleep with sadness  
And that's what I became
