Party all night 'til the morning/  
Cause the music just keeps calling/  
Addicted, gotta keep baling/  
Surrounded by women, they falling/

(Verse 1) - Half Now

A fine tasty wine body/  
I'll prepare the night/  
Starting with a clear Conversation/  
Moving our pink lips to meet/  
tongues lick the love seeps/  
Down, removing our clothes/  
I'll (Deep Breath) on you slow/  
your scent is so fresh/  
And your manager's desk/  
Just Might end up wet/  
Sensual, your body is so textual/  
But I don't need a manual/  
Actually, I want to read you/  
See you, dive into you/  
Build the suspense/  
while I continue deeper and deeper/  
When I see her, I need to, keep her in my room/  
She like to, express how cool I do my moves cause we/

[Verse] - YMS

So, I walk up into this party that I was invited to/  
Anonymously, don't know why I'm here, I guess I felt  
like I had to/  
Show gratitude, to the host, but who the hell is the host/

Anyways, I walk into this place, it's crazy, these hotties  
are missing their clothes/  
So, I try to approach, these sexy ladies, I try to get  
close/  
Pussy must be a hell of a drug, cause everyone here  
has got a big dose/  
They're taking my clothes, of, I'm bout to have it, cause  
some havoc, these ladies want it/  
My view's astonished, (gasp) I think I see someone who  
just overdosed/ Oh  
I suddenly start to approach, the body is robed, over  
the floor/  
I get distracted by this fine dime, I follow her into a  
door/  
I take of my clothes, then in I go, she multiple orgasms  
ending the show/  
Where is the host, can't stop it so, joining this party I  
suddenly chose/ cause

Thanks for coming, what you think/  
Wait, don't tell me this was your idea/  
Yeah, these girls are mad sexy, nah?/  
Yeah they are, but how you get them all to come/  
You see that one, this one, that one, and that one/  
And WOW, that's a big as butt/  
Half don't make me laugh and go and chase your butt/  
Because I know we both know that this night ain't over/
