Hide your bones
Hide your skin
Hide your money
Hide your sin
Hide your heart
Hide your soul
Shut your mouth
Say you don't know

Hide your face
Hide your name
Hide your past
Hide your pain
Cut your scars on a window pane
Hide your tears in the rain

And every night you go to sleep
Your still hidin' in your dreams
Don't want no one to know you well
You're so afraid you don't know yourself

Hide your head
Hide your skin
Hide your price for everything
Hide you sadness
Hide your smile
Hide the truth and your denial

And every night you go to sleep
Your still hidin' in your dreams
Don't want no one to know you well
You're so afraid you don't know yourself

Hide your bones
Hide your skin
Hide your price for everything
Ya turn away and ya shift the blame
Now ya feel no shame

And every night you go to sleep
Your still hidin' in your dreams
Don't want no one to know you well

You're so afraid you don't know yourself

Hide your head

Hide your skin

Hide your price for everything

Hide you sadness

Hide your smile

Hide the truth and your denial

And every night you go to sleep

Your still hidin' in your dreams
