Late at night, I feel you
and dream of you by my side
just to wake up in the dark
with my lonely heart

I'm crying
but I can't drop a tear
I'm lost in this void
I'm screaming
but I just can't make you hear
I'm lost in this void

Come now
Tonight
please come now
I can't wait to look into your eyes
to hold you tight tonight
I need you by my side

Any day is black as the night
without your light in my life
I cant, stand against this pain
Alone I fight in vain

As I fade,
hope is destroyed
no more faith
'cause I'm lost in this void

Come now
come rescue me
please come now
I can't wait to look into your eyes
to hold you tight tonight
I need you by my side

Late at night, I feel you
and dream of you by my side
just to wake up in the dark
with my broken heart

I'm torn apart

falling down
'cause I'm lost in the dark

Come now
come rescue me
please come now
I can't wait to know your name, to see your face
to hold your hands tonight
I need you by my side

'cause I'm lost in the dark

I'm crying
but I can't drop a tear
I'm lost in this void
I'm screaming
but I just can't make you hear
I'm lost in this void

Come now
Tonight
please come now
I can't wait to look into your eyes
to hold you tight tonight
I need you by my side

Any day is black as the night
without your light in my life
I can't stand against this pain
Alone I fight in vain

As I fade,
hope is destroyed
no more faith
'cause I'm lost in this void

Come now
come rescue me
please come now
I can't wait to look into your eyes
to hold you tight tonight
I need you by my side

Late at night, I feel you
and dream of you by my side
just to wake up in the dark
with my broken heart

I'm torn apart
falling down
'cause I'm lost in the dark

Come now
come rescue me
please come now
I can't wait to know your name, to see your face
to hold your hands tonight
I need you by my side

'cause I'm lost in the dark
