I didn't plan it this way  
But it's happening again  
Tomorrow I'll apologize  
I'll shot my mouth off start a fight  
Make my girlfriend cry  
I can feel it creeping in

Some people never learn  
Until my hammer strikes it's crash and burn

I'll start to stumble slur and fall  
With a shit eating grin deny it all  
Wasn't me wasn't me  
You can see right through my eyes  
Not me I believed all the lies  
I should have stopped I wanted more

Some people never learn  
Until my hammer strikes it's crash and burn

20 min could change my world 20 min.  
Hey dan you better wipe that shit  
Right from your eyes and realize the way it is  
The fuckin clowns will slow you down  
Motown

How the hell did I get this bruise  
I don't even know you  
I lost my pants, what new wave dan  
Got a number on my hand  
Oh great my ass is grass again  
And I lost another friend  
20 min 20 min 20 min
