I'm trying not to hold it back  
I'm trying not to think  
I'm fallin'  
Friday noon when I was ever lost  
It kills a mind, that gives you trust, I know

Oh, she finally made it  
And everytime you tell her, well, something's breakin'

And everytime you say goodbye  
And I've noted it anyhow  
Oh and everytime you say goodbye  
And I can't take a lock, but now

I gave you everything,  
I gave you more than I can sin, makes you wonder  
Friday noon when I was ever late  
It kills a mind, that gives you faith, I know

Oh, she finally made it, and everytime you tell her,  
Well, something's breakin'

And everytime you say goodbye  
And I've noted it anyhow  
And I can't take a lock, but now, not now

Fame has got it's last, I own you, there's nothing you  
can do  
Fame has got it's last, I own you, there's nothing you  
can do

And everytime you say goodbye... (goodbye)  
This is not goodbye and I've noted it now, I know it now

I gave you everything, I gave you more than I can sin,  
I'm fallin'
