"Love Of God"

Where is the love
Your Gods full of fear and hate is it
His love that says "praise aids"
All you goose stepping freaks

[Chorus]
You backwards, back ass hypocrite
Hide behind the veil of god
I really want to be there when you meet your maker
If he's right, I'll know he didn't make me
Or he'll be dissatisfied

Blood is blood
Hearts beat all the same
Babes don't color judge
They're taught to color hate

[Chorus]

For you are one of little brain and it frightens me
You missed the point somewhere along the line
Ignorance breeds fear, time to unlock your mind

[Chorus]
