"Tug Of War"

You know I wanted to have all the answers
Cure all your cancers
Have all the answers
I can't get your taste out of my mouth
Taste out of my mouth
Spit your love out

[Chorus]
You to me will never be free
We're tied together eternally
Tug of war with your heart strings
Stop me before I do it again
Someone stop me

I'm willing to kill for you baby
Live life haunted
America's most wanted
You know I wanted to sing for you baby
Sing yea yea yea
Yea yea yea yea

[Chorus]

You know I'd pray for our dreams to come true
But who would I pray to, who'd understand, who?
The beauty of taking our own lives
Obsession cuts so deeply
Romantically creepy

[Chorus]

Help me please help me
Someone please help me
It's bringing me down
Help me please help me
Someone please help me
It's wrecking me
Help me please help me
Someone please help me
Someone stop me before I do it again
