You ole fire
I'm mad with desire
you're my favorite one
got me cookin' like a fever
got my love runnin' for the sun
I feel so high
I feel like I may
go blowin' away
My well meaner
my day fancy dreamer
Oh what can it be ?
Well it's something like a power
like a hold and it's holdin' me
I feel so high
I feel like I may
go blowin' away
My long laster
my soft hearted master
ain't been born and bred
but he's standin' in my doorway
in my mind
up above my head
I feel so high
I feel like I may
go blowin' away
