Oo la la la  
Oo la la la la  
Emily  
And her love to be  
Carved in a heart  
On a berry tree  
But it's only a little farewell lovespell  
Time to design a woman -  
Touch me  
Oh wake me  
Emily you ornament the earth  
For me  
Emily  
You're the natural snow  
The unstudied sea  
You're a cameo  
And I swear you were born  
A weaver's lover  
Born for the loom's desire -  
Move me  
Oh sway me  
Emily you ornament the earth  
For me  
Emmie your mama's been a-callin you  
oo  
who stole  
Mama's heart  
and cuddled  
in her garden? darlin Emmie  
Oh la la la  
You're my friend  
And I loved you  
Emily
