Lazy flower

my you've grown so tall

I have lost

and loved him

you have seen it all

Lazy Susan

Lazy thru

hasn't got a thing to do

oh but to sit there

and light up the hillside

sun fried

black-eyed Sue

Lazy Susan

lazy thru

all the hills in love with you

Courted and cradled

by heaven and hillside

sun fried

balck-eyed Sue

Black-eyed

Black-eyed Sue

how happy you must be

Once I too

had someone lovin' me

Johnny Johnny

warm and true

that's how I remember you

this morning

just as I found you

up there on the hillside

with sun fried

black-eyed lazy Susan
