Super summer sugar coppin'  
In the mornin'  
Do your shoppin' baby  
Love my lovethin'  
Super ride inside my lovethin'  
You may disappear  
But you'll be back I swear  
Would you love to love me baby?  
I would love to love you baby now  
Would you love to love me baby?  
I would love to love you baby now  
Mama it's my pain  
Super summer sugar coppin'  
In the mornin'  
Do you shoppin' baby  
Love my lovethin'  
Super ride inside my lovethin'  
You may leave the fair  
But you'll be back I swear  
Would you love to love me baby?  
I would love to love you baby now  
Would you love to love me baby?  
I would love to love you baby now  
I keep hearin' mother cryin'  
I keep hearin' daddy through his grave  
"Little girl, of all the daughters  
You were born a woman  
Not a slave"  
Oh I hate my winsome lover  
Tell him I've had others  
At my breast  
But tell him he has held my heart  
And only now am I a virgin  
I confess  
Love my love thing  
Love is surely gospel
