You laughed at Freddy in his flares, but you can mock,
he doesn't care,
he's out to get those who straights, or trendy
trousers/
just you wait, with his blade he'll cut the seams,
and sew or attach by other means, a piece of cloth and
he won't stop,
until flaredy kecks adorn the lot.
Kecks of doom, kecks of doom, spread so wide
they need loads of room,
kecks of doom they're so wild, they'll smother
you where-ever you hide,
kecks of doom, such amazing side, what a horribly un-
gory way to die.
