Imaginary...

Imaginary...

Gravity from your fellow men will tear you down  
If they can, yes it can  
Takes more than a lifetime  
To dry your fears in the air

I realise we compromise and fill our lives with empty  
finds  
Then they tell to be someone we think we can

I tried it, I faked it  
I tried to conceal it  
I tried to believe me  
I tried not to break  
But it hurt me to do it  
To lie to myself

I... don't want to be imaginary.  
Imaginary  
To me  
I... don't want to be...  
Imaginary  
To me

There was once I was lonely,  
A little voice told me  
I could be  
A little more a little more like somebody - anybody - but  
me.

I saw a little change  
but never heard nobody  
But in the mirror I could see what was left of me

I tried it, I faked it  
I tried to conceal it  
Tried to believe me  
I tried not to break  
But it hurt me to do it

To lie to myself

I... don't want to be imaginary (Imaginary)

Imaginary yeah (Imaginary to me)

I...don't want to be (I don't want to be)

Imaginary

Yeah (Imaginary to me)

Imaginary (Imaginary)

Imaginary

To me

I don't want to be

Imaginary

To me (To me)

Gravity from your fellow men will tear you down if they  
can

Yes they can.
