My heart is beating, but I don't know why?  
Its been broken to many times.  
I could never ever love...again

(Chorus)

The list continues, of the boys I've known  
have made a permanent scare! Adding to  
the many i already have! Oh Oh oh I don't  
see how I could be loved again.

Sitting alone, sorta helps me think  
about all the good times when I  
could speak, but now are gone  
for the feeling I have. I could  
never describe the pain!

(Chorus)

The list continues...
