Who am I?
I'm the love that you found, never mind
I can feel your anger
Just forgive and forget who am I
Oh, how you'll feel my anger
All the love and those words
I tried
Remember, crying
And cut the pain out of my life

I've been watching on you,
I've been searching for you,
And now we fall in love forever
For you, my love, for you
Aaaa, you and I, you and I, you and I,
Aaaa, you and I

Who are you?
You're the one that I fight with,
I try
Oh, can you feel my anger?
Cry for you, die for you,
Who are you?
Play wicked games, falling in love,
Hiding the pain,
Fighting for what we had
Breath around you,
Cause you know I'm here forever

I've been watching on you,
I've been searching for you,
And now we fall in love forever
For you, my love, for you
Aaaa, you and I, you and I, you and I,
Aaaa, you and I

A way, can you find a way to me,
And make me touch the sky
Just always promise me
That you will find a way to me
The way you look at me
I will never make you cry
It's when you try to make me see
The way you IÃe, the way you are
