Oye, oye, oye, oye

The night silence broken by a growing roar  
As the armies of the damned arrive from distant  
shores  
The children of the injured lowered flags half mast  
As the retribution started for an unjust past  
Come on, get up on your feet, get out on the streets  
Letâ€™s show â€™em we know what fightingâ€™s for

Iâ€™m killing with swords, killing with swords  
No more lies, no more words  
You ainâ€™t gonna tell me canâ€™t have a sword in  
the city  
When sword it shines so pretty

Youâ€™ve been doing things the modern way  
For way too long now  
Is it any wonder weâ€™ve forgotten what itâ€™s all  
about  
How come nobody takes no pride in doing things right  
these days?  
How come nobody does it the old fashioned way?

Iâ€™m killing with swords, killing with swords  
No more lies, no more words  
You ainâ€™t gonna tell me canâ€™t have a sword in  
the city  
When sword it shines so pretty

Iâ€™m going to cut you down babyâ€¦

And all of the kids today with their silly guns,  
Iâ€™ll show â€™em how itâ€™s really done  
Hollow eyes and polished steal flash across the  
battlefield  
And in my wake I leave pools of blood  
Out in the city, out in the suburbs  
Cut through the lies you told so long to three hundred  
million strong

Iâ€™m killing with swords, killing with swords

No more lies, no more words  
You ain't gonna tell me can't have a sword in  
the city  
When sword it shines so pretty
