Whatâ€™s the use of this?

Why do I even try?

When problems disappear

Whenever you walk by

The writings on the wall

Yeah, itâ€™s written in our hearts

Itâ€™s bigger than our fears

Itâ€™s everything we are

Like a beautiful moment... that never fades away

I don't know what it is, I only know that you can save
me, save me

I run into your arms cause you erase the world gone
crazy
oh you save me, oh you save me, you save me from
myself

And all of my mistakes

You rescue me like freedom

When I felt like a slave

Its everything you do

Without knowing what you did

Yeah

Its your faith in me baby

That makes me want to live

No Iâ€™m not afraid to shout it no... Cause it reminds me once again
Heaven rained a little mercy on this lonely man

I don't know what it is, I only know that you can save me, save me

I run into your arms cause you erase the world gone crazy
Oh you save me, oh you save me

You reached into the storm just to pull me back to life again
You act like it was nothing but itâ€™s the reason why I survived

I don't know what it is I only know that you can save me, save me
I donâ€™t know what it is I only know that you can save me, save me
I run into your arms cause you erase the world gone crazy
Yeah you save me, oh you save me
