i will search for you search for you upon every star i will
search for you search for you in every car search in the
light search in the dark baby i would search so far im
gonna search for you'

when i met you i had the time of my life babygirl you
looked so fine i went to the bar didnt catch your
number when i come back you were gone as i just got
to know ya i was so deverstated when i coulnt find ya
thats why i need to search for ya

i will search for you search for you upon every star i will
search for you search for you in every car search in the
light search in the dark baby i would search so far im
gonna search for you'

i will search round and round even underground what
ever it takes i wont stop till your found i know your the
one for me u gota give me time just wait and see i
know we can be true because of the love that im
showing you i just need you to show it too because i
want this love to make it through i promise it will
brighton up on the dark days thats why i need you to
stay

i will search for you search for you upon every star i will
search for you search for you in every car search in the
light search in the dark baby i would search so far im
gonna search for you'
